### QUESTION 1

A customer has asked for recommendations around a disaster recovery architecture design for VMware Workspace ONE Access. The customer has an extremely aggressive recovery point objective and recovery time objective. Which HA/DR design should be recommended, given the supported options?

- A. Multi-datacenter design with two 3-node clusters, One 3-node cluster Datacenter 1 and the other 3-node cluster m Datacenter 2. The two 3-node clusters are setup in an active/passive configuration.
- B. Multi-datacenter design with two 3-node clusters. One 3-node cluster Datacenter 1 and the other 3-node cluster m Datacenter 2. The two 3-node clusters are setup in an active/active configuration.
- C. Multi datacenter design with two 3-node clusters, Both 3-node clusters are spanned across both datacenters, two nodes in one datacenter and one in the other, respectively. The two 3-node clusters are setup in an active/active configuration.
- D. Multi-datacenter design with two 3-node clusters, Both 3-node clusters are spanned across both datacenters, two nodes in one datacenter and one in the other, respectively. The two 3-node clusters are setup in an active/passive configuration.

Correct Answer: C

---

### QUESTION 2

Which type of message will a user's browser send to the Identity Provider when executing a Service Provider initiated federated SSO workflow?

- A. OAuthRequest
- B. SAMLpRequest
- C. AuthzRequest
- D. AuthnRequest

Correct Answer: D

---

### QUESTION 3

What is the proper sequence of steps to integrate Unified Access Gateway with VMware Workspace ONE Intelligence?

- A. Download the credentials file from VMware Workspace ONE Intelligence Upload the credentials file n the Unified Access Gateway admin console Complete the setting by Opt In/Out toggle
- B. Download the credentials file from Unified Access Gateway Upload the credentials file n the VMware Workspace ONE Intelligence admin console Complete the setting by Opt In/Out toggle
- C. Download the Device Root Certification from the UEM admin console under Tunnel Settings Upload the fie m the VMware Workspace ONE Intelligence admin console Complete the setting by Opt In/Out toggle

D. Download the Device Root Certification from the UEM admin console under Tunnel Settings Upload the file in the Unified Access Gateway admin console Complete the setting by Opt In/Out toggle

Correct Answer: B
