QUESTION 1

You want to use Labor Management. For which combination must you activate Labor Management? Please choose the correct answer.

A. Warehouse number and warehouse process type

B. Warehouse number and internal process step

C. Warehouse number and labor activity

D. Warehouse number and external process step

Correct Answer: B

QUESTION 2

Sometimes it is required to include the actual invoice in the shipment when it leaves the warehouse. For a direct outbound delivery, especially for a pickup process where you want the buyer to pay immediately, you might want to issue the invoice before you post the goods issue (which would normally trigger the invoice print). For these cases, you can use the invoice before goods issue process to create and print the invoice before the goods issue is posted. Which statements are not correct given below. There are 2 correct answers to this question. Response:

A. For single requests from EWM, CRM billing or ERP billing directly creates single invoices that you can change

B. For single requests from EWM, CRM billing or ERP billing directly creates single invoices that you cannot change

C. If you want to print invoices for the contents of a vehicle or transportation unit, EWM triggers the invoice printout in CRM billing or ERP billing by sending the message Print Billing Document.

D. If you want to print invoices for the contents of a vehicle or transportation unit, EWM triggers the invoice printout in CRM billing or ERP billing by sending the message Print Invoice Document.

Correct Answer: AD
