QUESTION 1

Select two benefits of adopting a rule delegation strategy. (Choose Two)

A. Adopting a rule delegation strategy allows business users and architects to focus on their specific tasks related to application development and maintenance.

B. Adopting a rule delegation strategy allows business users to change business policies more quickly by avoiding long approval processes.

C. Adopting a rule delegation strategy can help lower the overall costs of building and maintaining business applications because fewer architects are required if business users can make changes to the application on their own.

D. Adopting a rule delegation strategy can help improve the business\' ability to adapt to changing business conditions.

Correct Answer: AD
